PROFILE

An enthusiastic Front-End Engineer with 2 years of experience in Scripting and Web Development. Thrives in challenging environments and learning new technologies, flexible and able to produce high quality deliverables with work ethic built from the Army.

PROFESSIONAL EXPERIENCE

Jr. Frontend Engineer

Old Guys Pool Service

2021 – PRESENT

- Collaborated with a team to Program and maintain a functional web application that is aesthetically appealing, responsive and easy to use for any age. Created animations, UI / UX interface and all frontend applications.

Senior Engineer

Computer science club – College of San Mateo

2021 – 2022

- Tasked with running a team within the Computer Science Club to maintain and update College of San Mateo's website and all other CSM club websites. My duties ranged from debugging subordinate's code, frontend development and UX/UI design of all websites / applications whether in ReactJS or Swift for IOS.

U.S. ARMY

(ACTIVE DUTY) 2013 – 2020 / (RESERVES) 2020 - PRESENT

- 11x ARMY RANGER (2013 – 2019). I **prepared Soldiers for wartime missions**. Supervised and managed other soldiers and first-line supervisors within their squad. I was the tactical center of a squad, maneuvering and leading teams to meet the objective.
- 17c CYBER OPERATIONS SPECIALIST (2020– PRESENT). I am tasked with safeguarding Army intelligence and information. I safeguard information by protecting digital data, maintaining security measures like firewalls, and introducing new cyber security for the unit to use.

EDUCATION
